Ribbed Wrist Warmers

FINISHED SIZE:
7.5” in length and 3.5” in width, with piece seamed and unstretched.

YARN: Stitch Nation Bamboo Ewe (55% Viscose from bamboo and 45% Wool; 177 yd [162 meters]/3.5 oz [100g]); #5529 Mermaid, 1 ball (pattern actually uses 102 yards/ 2 oz of the ball of yarn)

HOOK SIZE: H (5 mm). Adjust hook size if necessary to obtain correct gauge.

GAUGE:
16 sts and 8 rows of dc in blo = 4”

Notes: This pattern was created for the Beginning Crochet School available at craftyminx.com. The blog has video tutorials for many of the steps of this pattern if you need more information on anything.

This piece requires a small area to be worked in a different section of yarn. You can either make a small ball of yarn from the one you are using that will be used for about 30 sts total or you can simply find the other end of yarn from the ball you are working with for these few sts.

Stitch Guide: dc in blo – Make every dc stitch in the back loop of each stitch.

Left Wrist Warmer

Foundation Chain: Ch 32 (Make sure your foundation chain is not tight. Go up a hook size if you need to)

Row 1: Dc in the side of the 4th ch from the hook. Continue across remaining 28 sts making dcs in side of the foundation chain. (30 sts)

Row 2: Ch 3 and turn, dc in blo across 29sts (30 sts)

Rows 3-9: Repeat step 2, 7 times until you have 9 rows complete. (30 sts)

Row 10a: Ch 3 and turn, dc in blo for 21sts leaving the remaining sts unworked. (22 sts)

Row 11a: Ch 3 and turn, dc in blo for 21sts. Pull up your last loop so it doesn’t come undone. DO NOT FINISH OFF OR CUT YARN.

Row 10b: Turn your piece and attach the other end of your ball of yarn in the back loop of the 24th st from row 10a (Basically you’re skipping a stitch and finishing the other side. This is for the thumb hole) Ch 3, dc in the blo of the next 6 sts. (7 sts)
**Right Wrist Warmer**

**Foundation Chain:** Ch 32 (Make sure your foundation chain is not tight. Go up a hook size if you need to)

**Row 1:** Dc in the side of the 4th ch from the hook. Continue across remaining 28sts making dcs in side of the foundation chain. (30sts)

**Row 2:** Ch 3 and turn, dc in blo across 29sts (30sts)

**Rows 3:** Repeat step 2. (30sts)

**Row 4a:** Ch 3 and turn, dc in blo for 21sts leaving the remaining sts unworked. (22sts)

**Row 5a:** Ch 3 and turn, dc in blo for 21sts. Pull up your last loop so it doesn’t come undone. DO NOT FINISH OFF OR CUT YARN.

**Row 4b:** Turn your piece and attach the other end of your ball of yarn in the back loop of the 24th st from row 10a (Basically you’re skipping a stitch and finishing the other side. This is for the thumb hole) Ch 3, dc in the blo of the next 6 sts. (7sts)

**Row 5b:** Ch 3 and turn, dc in blo of next 6 sts, Ch1 to replace the stitch that we skipped on 10b. Cut yarn and attach to the other side (Row 11a) with an invisible join.

**Row 6:** Go back to the loop you left at the end of Row 5a, the rest of the rows will be normal again. Ch 3 and turn, dc in blo for 20sts. In the 21st st be sure you stitch into the back of the invisible join you made plus the turning chain below it then dc into the bl of the chain stitch and dc in the blo of the last 7 sts. (30sts)

**Rows 7-14:** Repeat row 2, 8 times. Finish off your piece and cut the yarn leaving a 20” tail for seaming. The end you finished off with will be the right side of the piece. Weave in all the ends except the long tail for seaming into the wrong side of the piece.

Whipstitch the two sides of the wrist warmer together with the right side facing out going through both loops of the v on the finished edge and the loop leftover from the foundation chain on the other edge. Secure at the end and weave in the end on the wrong side.
